LUNCH AND LEARN: GALE SMALL BUSINESS RESOURCES

Join us for an informational session on Gale's small business resources, available free to you through EBRPL.

Gale Small Business Builder: A step-by-step online planning tool for starting, managing and optimizing a business or nonprofit. The program's intuitive dashboard walks users through five areas of exploration to develop a business plan focused on long-term success.

Gale Small Business Resource Center: Covers all aspects of starting and operating a business, including accounting, finance, human resources, management, marketing, tax, and more.

Gale LegalForms: Offers legal forms that are state-specific. Many of the forms are available in Word or Adobe format and can be edited and used with minor modifications to suit users' needs by simply "filling in the blanks" with relevant and accurate information. Completed sample forms are also included.

A lunch will be provided by our friends from Gale.
